For those that have not yet completed the Family Survey, please know that it strongly impacts the services that are provided to our students. The information you provide will help to determine the level of state and federal funding for textbooks, technology, grants, and, if funding is available, for the aging school program. It will also be used to determine funding that will be allocated for Title I services to children in our school. To complete the survey, please use this link: [Family Survey Link](#)
